

European Open Source Academy

European Open Source Awards

The European Open Source Academy

A new European hub advancing open collaboration in software and hardware.

Built to inspire learning, shape policy, and connect innovators across Europe.

Empowering and advancing digital sovereignty, innovation, and a stronger, open digital future.

And empowering a more competitive, collaborative Europe.

The European Open Source Awards

A prestigious recognition platform celebrating and excelling outstanding contributions in Open Source software and hardware across Europe.

Honouring the creators and communities driving change through open innovation while championing digital independence and Europe's tech leadership on the global stage.

Creating visibility and sustainability of open source in Europe.
